

Samuel Gilbert Public School

23rd October, 2009

Dear Parents,

We would like to include the decorating of a ceramic plate in our Craft Program this term. These are wonderful keepsakes for you and your child or they make great presents for grandparents. The results over the past years have been fabulous and the children have felt very proud of their work.

The organiser will come to the school to give guidance and instruction and then take the finished plates away for glazing.

Please be aware that this activity is **entirely optional** and if you do not want your child to participate that is fine.

The cost involved for a round 20cm plate is \$20.00. You will be invoiced for this activity during Term 4.

Please complete the form below and return it to school by Thursday, 29th October.

Many thanks,

Kindergarten Teachers

Donna Harris, Relieving Principal
